## Two Nations In Great Manhunt For Girl's Slayer

Believe Suspect Sought In California Girl Slaying May Be In Mexico

### MAN SOUGHT HAS POLICE RECORD

By OWEN CALIN  
(I. N. S. Staff Correspondent)  
LOS ANGELES, Nov. 16.—Law enforcement agencies of two nations joined today in a farflung manhunt for a sex degenerate who mutilated and murdered pretty, six-year-old Linda Joyce Glucoft.

Mexican authorities entered the search when a report on the main suspect placed him on a bus which deposited him at the U. S.-Mexico border.

The chief suspect, an admitted sex degenerate, is Fred Strobbe, 66, who was visiting the home of his daughter and son-in-law, Mr. and Mrs. Rube Hausman, across the street from little Linda's home in Los Angeles.

It was in a trash pile in the secluded yard of the Hausman home that the daughter of Mr. and Mrs. Jules Glucoft was found, her head battered in by an axe and her nude, mutilated body streaked with blood.

The intense hunt for Strobbe began when it was learned that he had a police record of morals offenses with young girls. He is wanted by Highland Park police on charges involving a 12-year-old girl. Last July he jumped his \$500 bail on the charge.

Mrs. Hausman said her father (Continued on Page Two)

## Woman Who Plotted Death Of Husband Reunited With Him

Husband Provides Bond To Secure Her Release From Western Jail

BREMERTON, Wash., Nov. 16.—(INS)—Mrs. Margaret Platt was back in her Bremerton home today reunited with her forgoing husband whose death she admitted plotting because he "wanted to make love every night and I couldn't stand it."

The repentant 31-year-old mother of two returned happily to her family and household duties after her release yesterday from the county jail at Port Orchard on \$1,000 bond.

Her husband, Wilford, 34, got the bond money together and then waited outside the jail for his wife to take her home.

Mrs. Platt now awaits arraignment on a charge that she forged her husband's name in selling the couple's automobile. She admitted turning the sale money over to one of two men she had hired to kill her husband, giving them a cash "down payment" of \$324.

Traffic counts are being taken on numerous routes in this area, it is noted. There is a mechanism on Highland avenue near the city line for counting traffic, also one on the Highland Heights and East Brook road, and another on the Perry Highway, among locations that have been noted recently.

Householders who have been raking leaves for about a month are now in hopes that the job is almost completed. Most of the trees have now shed their leaves, although here and there a tree is noted to which some of the leaves are still clinging.

## Council Budget Session Delayed

Councilmen-Elect Not Present At Time Set For Opening Session

Council did not hold a budget-making session this morning in city hall because neither of the councilmen-elect, E. Eugene Schweinsberg and Joseph Medure appeared. Mr. Schweinsberg, by letter to the city clerk, said he desired to thank solons for their invitation, after which he set forth his reasons why he would not attend the meeting.

Mr. Medure telephoned a member of council he was working, but would arrive at the meeting about 11:15 a. m. However, he had not appeared at noon, but is expected to meet with council this afternoon.

After reading Councilman-elect Schweinsberg's letter, Mayor John F. Haven was asked for a statement, in view of the councilman-elect's refusal to attend.

"I have no comment, except to state that, in the past when councilmen-elect were invited to attend budget-making sessions, they always did so, and assisted in the work."

Leaders Seek Method To Raise Rest Of Fund Needed In Welfare Campaign

Executives of the New Castle Community Chest are planning additional moves to put the 1949 campaign for \$127,350 over the top.

Leperre Matthews, Mrs. John Elliott, Charles Johnson and Lauri Laurel were among the group that will initiate further steps to spur the campaign to raise funds for 13 welfare agencies of the community.

Official returns to date show contributions and pledges totaling \$99,300. The month-old campaign was handicapped by a nationwide steel and coal strike.

Some plans of action discussed yesterday include the review of all non-contributory cards with the division leaders. It was also intimated that a "flying squadron" of community leaders would be organized to make personal calls and secure pledges for the remaining portion of the chest goal.

## Imprisonment Of Americans Grave Issue

By GEORGE DURNO  
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 16.—The continued incommunicado imprisonment of 8 consular general and four of his staff by Chinese Communists at Mukden is shaping up as a grave international incident.

Washington officials, aware that Soviet Russia gained control of Manchuria through the secret Yalta agreement, are pondering just how behind this most humiliating treatment of a high-ranking American diplomat—Moscow or the Peiping Communist regime.

Expect Statement  
Secretary of State Acheson is expected to make a vigorous policy statement today on this government's attitude.

Acheson may also comment on the reported admission by the North Korean radio that two Americans, Albert Willis of Brooklyn, and Alfred T. Meschter of Kinderhook, N. Y., were seized September 22.

Willis and Meschter, employees of the Economic Cooperation Administration, were taken by the North Korean Communists when the crew of a South Korean ship on which they were passengers mutinied and sailed to a North Korean port. They have been reported held by the Communists since that time.

One of Acheson's first consultations yesterday on his return from Europe was with Undersecretary of State James E. Webb who handled the ward incident in his absence.

Wilmington, Del., Transportation Is Tied Up By Strike

WILMINGTON, Del., Nov. 16.—(INS)—Operators and maintenance men of the Delaware Coach company went on strike at 4 a. m. today for a 15 cents an hour wage boost.

The city's four taxi companies set up a shuttle route along the main coach line, while some firms organized car pools, but many persons were faced with the prospect of using their thumbs or feet for transportation.

WASHINGTON, Nov. 16.—(INS)—A spokesman said today that the State department is seeking to determine what action, if any, to take as a result of a Chinese Nationalist gunboat's firing on the Isbrandtsen line freighter Flying Cloud.

The department issued no positive statement, but the spokesman expressed belief that the position of the U. S. Government remains unchanged.

In Seoul, Harold S. Fish, agent of the Isbrandtsen line, said damage to the ship was "not too serious," and that it is expected to arrive in the South Korean port of Pusan Thursday night.

## Fact-Finding Board Likely To Be Proposed

Lewis And Mine Owners Would Be Given 72 Hours To Make Decision

TAFT-HARTLEY LAW MAY BE INVOKED (BULLETIN)

WASHINGTON, Nov. 16.—(INS)—The coal dispute was handed over to President Truman today for action to prevent a new walkout by John L. Lewis' 375,000 miners Dec. 1.

Federal Mediation Director Cyrus S. Ching turned the coal case over to the White House at a conference with Presidential Assistant John R. Steelman.

Mr. Truman is expected to act swiftly to propose fact-finding as a solution to the contract deadlock between Lewis and the operators.

By PHILLIPS J. PECK  
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 16.—Informed officials said today the government plans to propose a fact-finding board in the coal dispute tomorrow and then allow John L. Lewis and the mine owners 72 hours to decide whether to accept the offer.

Officials said this is the tentative time-table for federal action to prevent a new walkout by 375,000 soft coal diggers when the current three-week strike truce expires Nov. 30.

The schedule would enable the government to start proceedings Monday for an 80-day anti-strike injunction under the Taft-Hartley law if either Lewis or the operators refuse to have the dispute studied by a presidential panel and settlement terms recommended.

Lewis Is Opposed  
Lewis has expressed opposition to fact-finding in the dispute, while the operators have indicated they would welcome it.

It is believed that President Truman may want government moves underway well before he is scheduled to leave Washington for Key West, Fla., Nov. 28—three days before the strike truce runs out.

Federal Mediation Director Cyrus S. Ching and Presidential Assistant John R. Steelman are expected to review the coal deadlock at a White House meeting today and decide whether to adhere to the present program.

It is understood that Ching will turn the dispute over to Mr. Truman for action unless there is (Continued on Page Two)

# St. Mary's Holy Name Rally Ends

Impressive Ceremonies At Fall Three Day Triduum; Church Dignitaries Speak

## LOCAL HOLY NAME LAUDED BY LEADERS

Terminating a triduum of activities, the Holy Name men of St. Mary's church taxed the Catholic Center last evening to capacity.

President R. Emmett Dagnon called the rally to order and seated the Diocesan officials, Father Lackner, Frank W. Reis, Jr., Joseph A. Cocoran Esq., and Louis Cook.

Father Francis P. King, the Spiritual Director of the St. Mary's Holy Name Society, led the men in the renewal of the Holy Name pledge, and Captain Vincent G. Wadlinger directed the recitation of the oath to the support of the United States and the pledge to the flag.

A general meeting then took place with each of the twenty-nine committees responsible for the activities of the Holy Name work giving a detailed report of the progress made by the society since last June when the present officers were installed.

Frank W. Reis, Jr., the president of the Pittsburgh Diocesan Holy Name Society, related how the Holy Name Society of St. Mary's compared to the other societies of the diocese.

He then quoted from the Pittsburgh Diocesan Holy Name Paper, where the editor commented on the recent June activities of St. Mary's Holy Name society, and wrote: "Activities such as are sponsored by St. Mary's Society mark that particular society as the most active in the Pittsburgh diocese."

He concluded by urging the men to bigger and better things, and thanking them, in the name of the diocese, for their past accomplishments.

## Louis Cook Speaks

The principal speaker of the evening, Louis Cook, then addressed the men on Catholic action, and the part each one of them was called upon to play. "We teach best," he said, "by our example."

"Lead other men toward Christ by the happiness which they see in your lives; happiness based on the acquisition and practice of virtue. Prize your rationality and strive to increase your spirituality. Let others, if they wish, wallow in animalities to satisfy if they insist. You will all admit that they are no credit to themselves or the city in which they live."

Mr. Cook elaborated on the diocesan plan, which outlines the obligations of the Holy Name man to participate in the civic affairs of his respective city, and to be most active in demonstrating his patriotism when such a demonstration is necessary, or at least helpful to his country. "Strive to make your city the best city in the world," he said, "and be ever ready to lay down your lives in the defense of your church and country. Join with all Christians in men under the banner of Christ."

Finally, he said, "in parting I give you the slogan of Holy Mother Church—With God you can do all things, without Him you can do nothing. Guard that slogan well, make it a part of your every day life, and then you will be good Holy Name men and honored citizens of the City of New Castle."

## Entertainment Provided

Bernard N. Hanlon Sr. and his committee, John J. Maher, Daniel Hannon, Vincent Wadlinger, Thomas Flanagan, Edward Lynch, Matthew Curtis, William O'Loughlin, Robert Hartseff Jr., and Angelo Frediani, cleared the stage for the entertainment of the evening.

Mr. Hanlon introduced the master of ceremonies, Vincent Wadlinger, and from then on for one hour the Catholic Center was in a bedlam with the "Truth and Consequence" program, which was sprung as a surprise, and which, to speak mildly, was most gratefully received and enjoyed by the men.

Mr. Wadlinger called upon Matthew Curtis, the "Faithful Navigator" of the Junior Holy Name men. He presented the Junior Holy Name Orchestra and Glee club. The Junior orchestra consists of 20 young men under the direction of James E. Maher Jr. They acquitted themselves nobly by the close harmony and versatile program which they presented. They and the Glee club were well received and brought them back for five curtain calls.

The rally terminated with a lunch under the direction of Angelo Frediani, and served by the Ladies of St. Mary's under the supervision of their president, Mrs. R. Emmett Clark.

The fall rally was most successful, both in regard to the vast attendance and the projects, both were accomplished. Father Francis P. King, the spiritual director of the society, thanked the men for their untiring efforts and urged them on to bigger and better things. He expressed the thanks of the society to the visiting prelates, diocesan officials, the clergy, and the delegates from the local Holy Name societies.

cell next year, will have an opportunity to vote for or against the 1950 budget in January.

## Schweinsberg's Letter

A copy of Mr. Schweinsberg's letter to council follows: New Castle, Pa. November 15, 1949.

Mr. Jack H. Fritz, City Clerk, New Castle, Pa. This will acknowledge receipt of your letter informing me that my presence at the budget meeting has been requested by His Honor, the Mayor, and by the members of city council. May I, through you, kindly thank the mayor and council for this invitation?

However, it would seem that before a realistic budget can be attempted the present city officials must dispose of several situations now before them. It would seem also that if certain situations are not met, or if the answers to some problems are not satisfactory to the council as it will be constituted next January, substantial changes will have to be made later no matter what this budget provides.

Situations which I have in mind include the continuance of the separate receiver of taxes, the request, now before council of firemen and police officers for pay increases, the speed with which removal to the new city hall will be accomplished, the question of interest charges, insurance, janitor, heating and other costs now duplicated, and the question of whether the new city hall is to be newly furnished, or old furniture and equipment made to do.

Also, it would seem that if Mr. McDure and I were to engage seriously in budgetary planning, it should immediately be made known whether we are to be assigned to the departmenta headed by the men we supplied in council, or whether there is to be an arbitrary shifting of departmenta.

Will you also, therefore, kindly inform the mayor and members of council that, for the reasons stated above, I will not be present at the meeting.

Very truly yours, E. GENE SCHWEINSBERG.

Card Of Thanks We wish to thank our friends, neighbors and relatives for the kindness and sympathy extended us during the illness and death of our wife and mother, Cora J. Roberts. Also for beautiful flowers and cars donated.

Mexican police were combing the border cities of Tijuana and Mexicali.

The finding of Linda's body climaxed a frantic, all-night search by hundreds of police, sheriff's deputies and civilians in the area of her home.

An autopsy showed Linda had been horribly tortured before death. A necktie was twisted twice around her neck and knotted tightly. There were three puncture wounds in her chest and back, two wounds on her forehead.

Across her upper back nine or ten bruise marks evidenced a savaged beating. On her head were 12 deep gashes made, police believed, by a sharp axe found leaning against a nearby incinerator.

Garments Are Found Linda's tiny garments were found stuffed in the incinerator.

Autopsy surgeons said that all the wounds were inflicted before death, which probably was due to strangulation and the head wounds. The child's body was wrapped in a gaily-colored Indian blanket.

Dr. Frederick Nitwarr of the coroner's office, announced: "It appears the little girl was attacked in a bedroom of the Hausman home, strangled with a woven tie, wrapped in a blanket and taken outside."

"Apparently the killer found she was still alive and slugged her over the head with an axe."

Police chemist Ray Pinker said fingerprints found on the axe were being analyzed.

# Charles F. Reed Services Thursday

Funeral services for the late Charles F. Reed, resident of this city, will be conducted on Thursday afternoon, from South Charleston, West Virginia, with interment to take place at that city.

Mr. Reed was born and raised in New Castle, having worked at the old Lawrence and Knox glass companies during their existence and later as a brakeman with the Pennsylvania railroad.

He was survived by his widow, a stepdaughter, one sister, Mrs. Della Helein, of Bentleyville and numerous relatives in this city.

A cousin, Albert Reed, died suddenly of a heart attack at the Shenango Pottery on October 31.

cell next year, will have an opportunity to vote for or against the 1950 budget in January.

## Schweinsberg's Letter

A copy of Mr. Schweinsberg's letter to council follows: New Castle, Pa. November 15, 1949.

Mr. Jack H. Fritz, City Clerk, New Castle, Pa. This will acknowledge receipt of your letter informing me that my presence at the budget meeting has been requested by His Honor, the Mayor, and by the members of city council. May I, through you, kindly thank the mayor and council for this invitation?

However, it would seem that before a realistic budget can be attempted the present city officials must dispose of several situations now before them. It would seem also that if certain situations are not met, or if the answers to some problems are not satisfactory to the council as it will be constituted next January, substantial changes will have to be made later no matter what this budget provides.

Situations which I have in mind include the continuance of the separate receiver of taxes, the request, now before council of firemen and police officers for pay increases, the speed with which removal to the new city hall will be accomplished, the question of interest charges, insurance, janitor, heating and other costs now duplicated, and the question of whether the new city hall is to be newly furnished, or old furniture and equipment made to do.

Also, it would seem that if Mr. McDure and I were to engage seriously in budgetary planning, it should immediately be made known whether we are to be assigned to the departmenta headed by the men we supplied in council, or whether there is to be an arbitrary shifting of departmenta.

Will you also, therefore, kindly inform the mayor and members of council that, for the reasons stated above, I will not be present at the meeting.

Very truly yours, E. GENE SCHWEINSBERG.

Card Of Thanks We wish to thank our friends, neighbors and relatives for the kindness and sympathy extended us during the illness and death of our wife and mother, Cora J. Roberts. Also for beautiful flowers and cars donated.

THE ROBERTS FAMILY.

# Funeral Services And Memories...

While a funeral is planned very largely as a tribute to the individual, it also is certain to leave memories. These will remain long after the cost, and many other things, have been forgotten.

That is why Boyd Funeral Service has invested in the Hammond organ and much other equipment, including ample parking space. It also is why we give many hours of personal service whenever arrangements are entrusted to this organization.

The families we have served can tell you whether they have been satisfied with their memories of the funeral and the services we furnished.

### Try this sensible, new beauty aid

Do you want a more alluring complexion—one that's lovelier to look at, smoother to touch? Then take a beauty hint from thousands of attractive women who have stopped fussing with elaborate treatments, countless jars and bottles. Turn to one simple skin cream—Noxzema. It's the beauty cream used by so many nurses. This simple, sensible Noxzema beauty routine is easy to follow and helps improve complexion—often surprisingly fast. In clinical tests under a famous skin doctor's supervision it helped 4 out of 5 women to softer, smoother, lovelier-looking skin! Here's all you do:

#### New 4-Step Routine

**Morning**—1. Bathe face with warm water, apply Noxzema with a wet cloth, and "cream-wash" your face. 2. Apply Noxzema as a powder base.

**Evening**—3. Before retiring, again "cream-wash" your face with gentle, medicated Noxzema. 4. Massage Noxzema lightly into your face. Pat on extra Noxzema over any blemishes\* you may have.

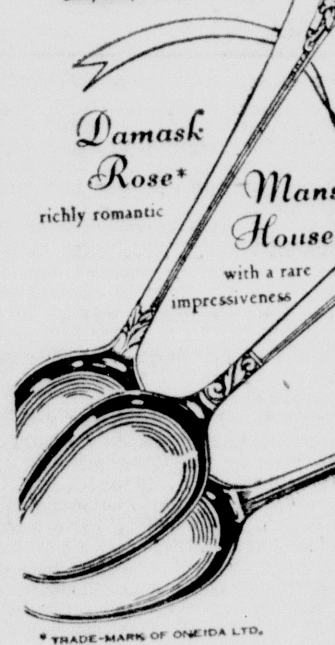

That's all you have to do. No greasy creams to tissue off. Noxzema, unlike most beauty creams, is a medicated formula. It's designed to help soothe and soften rough, dry skin and to aid in healing "externally-caused blemishes."

## LUSK-COOPER

### WEDDING EVENT

Amy Virginia Lusk, daughter of Mr. and Mrs. George A. Lusk, of 203 Grandview avenue, Zelenople, became the bride of Russell B. Cooper at a pretty candlelight service at St. Peter's Evangelical and Reformed church Saturday evening, Nov. 12, at 7:30. He is a son of Mr. and Mrs. Rollin J. Cooper, of Gibsonia, R. D. The single ring ceremony was performed by the Rev. P. W. Seibeling, superintendent of the Children's Home and Farm School. The ceremony was attended by a large number of friends and relatives, many of them from a distance.

Mrs. Ruth Burrell played a half hour before the ceremony and was also accompanist for Miss Virginia Mainz, soloist, from Pittsburgh, who sang "At Dawning", "I Love Thee" and "The Lord's Prayer" as a benediction.

The bride, given in marriage by her brother, Louis G. Lusk, of Kent, O., wore a white satin floor length dress made with a mandarin neckline, fitted bodice coming to a point in the front, and a full skirt. The sleeves were short and she wore matching mitts. Her fingertip veil of imported illusion net was caught to a white satin bonnet. She carried a bouquet of white chrysanthemums centered with an orchid.

Her sister, Georgia Mae Lusk, as maid of honor, was her only attendant. She wore a seafoam green satin dress made like the bride's and a green satin bonnet to match her gown. She carried a bouquet of bronze chrysanthemums. Her mitts matched her dress.

William Eckles, of New Castle, served the groom as best man, and the guests were ushered to their seats by Joseph Vogan, of New Castle, and Paul J. Romance, of Cleveland, O. The best man and ushers are members of Kappa Sigma fraternity, of which the groom is a member.

Following the ceremony a reception was held for the families of the bride and groom and a few close friends. There was the traditional wedding cake at the bride's table, flanked with bouquets of white mums, and the table was lighted with white candles in crystal.

Mrs. Cooper was graduated from Zelenople high school in 1944 and has for some time been employed in the office of the John-Manville company here. The groom was graduated from Mars high school in 1943 and attended Carnegie Institute of Technology in Pittsburgh, following service in the Naval Air Corps during World War II, where he was an ensign. He is now employed as a sales engineer for the Bell Art Metal company, Ellwood City.

The couple left late in the evening for a trip South and will be gone two weeks. For traveling the new Mrs. Cooper wore a grey suit with black accessories and the orchid from her bridal bouquet. Upon their return they will be at home to their friends at 240 Walnut street, Zelenople.

## Will Have Roles In High School Senior Class Play

Nancy Reed Walter Jenkins

Joan Long Anne Wygant

Nancy Reed, Walter Jenkins, Joan Long and Anne Wygant are members of the cast of the senior high school's coming play, "I Remember Mama." Walter, Joan and Anne are "mama's" children and have good Norwegian names in the comedy. They are Nels, Dagmar and Christine. Nancy is "mama's" sister-in-law, the children's Aunt Jenny.

While none of these parts are leading roles their activities in the immigrant family circle make a kind of colorful backdrop against which the mother's humorous common-sense and startlingly unfailing resourcefulness stand out delightfully. Aunt Jenny's aggressively managing ways serve as a foil for the Norwegian mother's quiet skill and loving shrewdness in managing "papa" and her little brood.

This quartet among them cover

most of the student-activities at the senior high school, except organized athletics. Choir, student-council, Y-Teens, squad-leaders, Rainbow Girls, girl scouts, band, student-federalists and "annual" staff share their non-academic energies. Consequently they are very well-known in the student-body.

Walter A. Jenkins is the son of Mr. and Mrs. George K. Henry of Croton avenue.

Joan Long is the daughter of Mr. and Mrs. N. Edward Long of Mills Way.

Nancy Lee Reed is the daughter of Mr. and Mrs. William B. Reed of Highland Heights.

Anne Louise Wygant is the daughter of Dr. and Mrs. L. A. Wygant of Wilmington avenue.

## What's YOUR price tag on happiness?

**J**UST what do you see in this hand-some, tidy-sized Buick SPECIAL pictured here?

The smartest bit of automobile styling on the road today? The standout beauty of tapering fenders—the sturdy protection of a wholly new front-end design?

The prestige that's in the Buick name—the solid, road-wise steadiness Buick has always stood for?

Your chance to get in on the perfect smoothness of Dynaflo Drive\*—this being the lowest-priced car on which that sensational new transmission is available?

\*Optional at extra cost.

When better automobiles  
are built  
**BUICK** will build them

They're all there, every one of those things. And for a good reason that may go a bit beyond the usual idea in designing an automobile.

For, a long while ago, we graduated from the idea that a motorcar is merely a means of getting about.

The way you travel is pretty important too. The lift that's yours in knowing there's no prettier picture anywhere on the highways. The "kick" there is in a power plant that's lively and eager and always ready to get in on the fun.

The comfort that's found in all-coil

springs, a husky, steady-traveling understructure, cushions that are deep and soft and wide enough to let you spread yourself a bit.

Even that extra swelling of the chest that comes from owning a car you know everyone respects and admires.

In a word—your happiness. It's never out of our mind in planning this car—nor in making very sure each dollar of cost gives you the greatest possible benefit.

That's why we rather proudly ask you to go see—and try—this Buick SPECIAL. It's priced like a six, in spite of the fact that like all Buicks, it's a big-powered Fireball valve-in-head straight-eight.

And we honestly believe that it puts a lower price tag on your motoring happiness than any other car you can buy today! See your Buick dealer and find out about that.

## American Air Force Gives Philippines Sense Of Security

Philippine Undersecretary Of Foreign Affairs Says Defense Reassuring

By HOWARD HANDLEMAN  
(U. S. Staff Correspondent)  
Far Eastern Director

MANILA, Nov. 16.—Presence of American air force units in the Philippines has given the island republic a strong sense of security. Felino Neri, undersecretary of foreign affairs, stressed that the fact that the United States still considered the Philippines a part of the vast western Pacific defense arc provides needed reassurance to Filipinos.

Clark Field, 60 miles north of Manila, is the anchor of the American air force bases that string south from Alaska, through Japan and Okinawa to the Philippines.

Neri declared the present relationship between the Philippine government and people with the American air force and navy is cooperative, friendly and satisfactory. He said:

"American forces are in the Philippines because of mutual agreement, not coercion."

"Another important factor important to relations between Filipinos and American military people is that the troops are inconspicuous. You can see here in Manila, for instance, that an American uniform is a rarity."

Numerically American forces in the Philippines are extremely small. The biggest single unit, at Clark Field, has a total of 1,200 people on the base, including Filipinos who work as messboys, waiters and laborers.

## Around Hollywood

By FRANK NEILL  
(International News Service Staff Correspondent)

HOLLYWOOD, Nov. 16.—If anyone in the audience still sticks up for mustache cups and turnip watches he probably also harbors the pleasant notion that this is a man's world.

Well, boys, you know better. And if, in case there are any Doubting Thomases left anywhere Claudette Colbert is ripe and ready to administer the coup-de-grace. Miss Colbert has been competing with guys for some time now and doing very well at it.

She's going to try directing. "Why not?" She asked. "The only thing that's kept women from directing so far is male prejudice."

This, as it turns out, was a slightly inaccurate belief. "So I asked some of the fellows on the crew of my present picture if they would object to working for a woman director," she said. "They all said of course not."

Hunts Suitable Play  
With this imaginary barrier cleared away, Miss Colbert is scouting around for a suitable vehicle to mark her first effort as a maiden megaphonist.

"It should be a comedy," she said. "That's the medium I'm most familiar with. You may recall that recently I made a really wacky comedy, 'Bride For Sale,' with Robert Young and George Brent. Besides, comedies usually do just fine at the box office." Claudette agrees with Hollywood's only other woman director, Ida Lupino, that new faces help ring up healthy grosses. # Truman's Cabinets Have Changed Most Rapidly

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WASHINGTON, Nov. 16.—President Truman's cabinet has changed membership completely more than three times in the four and a half years since he took office on April 12, 1945.

A survey discloses today that a total of 29 persons have served as official advisers in the Truman cabinets.

Several others have held the top positions in the Departments of Army, Navy and Air Force, which are now consolidated under the Department of Defense, but which until unification were separate cabinet posts.

Almost all the large number of cabinet changes came, however, in the three years and several months during which the president served out the term to which he succeeded as vice president upon the death of President Roosevelt.

**Predictions False**

A review of the cabinet shifts shows that the predictions of the immediate post-election days a year ago that President Truman would "clean house" and bring in virtually a whole new cabinet almost immediately have not been borne out by events.

Only three cabinet changes have been made by the president since his election victory.

The first involved Gen. George C. Marshall, who retired as secretary of state because of ill health shortly after Mr. Truman was inaugurated to his first elective term last January 20. Former Undersecretary Dean Acheson was chosen to succeed the general.

The second following a few weeks later when the late Secretary of Defense James V. Forrestal, broken in health by the strain of wartime and postwar service, was replaced by Louis Johnson.

**Krug Latest Change**

The third cabinet change since the president's election came last week when Julius A. Krug resigned as secretary of interior and was immediately succeeded by Undersecretary Oscar L. Chapman.

However, not one of the men who was in the cabinet with Mr. Truman came to office now remains. Nor is there a single person of the original Truman appointees, first named by him to succeed members of the Roosevelt cabinet, now in the post to which he was originally named in the cabinet.

The nearest candidates to an original Truman cabinet post are Secretary of Treasury John Snyder and the Chief Justice of the United States Fred M. Vinson.

**Morganthau Resigns**

The first member of the Roosevelt cabinet to leave was Secretary of Treasury Henry Morganthau. This came in the first few weeks after Mr. Truman became president. Vinson was named to take over the treasury post.

Within a short time, Vinson became chief justice, and Mr. Truman named Snyder, then head of

the Office of War Mobilization and Reconstruction, to the Treasury post.

There have been four changes each in State and Defense departments, not including the sub-departments of army and navy, and three in Treasury, Interior, Commerce, Labor, Justice, Post Office and Agriculture.

**Changes Listed**

In their order of succession, with the Roosevelt cabinet member named first, they are:

State—The late Edward R. Stettinius, James F. Byrnes, Gen. George C. Marshall and the incumbent, Dean Acheson.

Treasury—Henry Morganthau, Fred M. Vinson and John Snyder.

Defense (including Army and Navy)—Henry L. Stimson, Robert Patterson, James V. Forrestal and Louis Johnson.

Interior—Harold L. Ickes, Julius A. Krug and Oscar L. Chapman.

Commerce—Henry A. Wallace, Averell Harriman and Charles Sawyer.

Labor—Francis Perkins, the late Louis Schwellenbach and Maurice Tobin.

Justice—Francis Biddle, Tom Clark and J. Howard McGrath.

Post Office—Frank A. Walker, the late Robert E. Hannegan and Jesse Donaldson.

Agriculture—Claude A. Wickard, Clinton P. Anderson and Charles Brannan.

New Castle Man Helps Keep Communication Lines Working For Division

(Special To The News)

BAD TOLZ, Germany, Nov. 9.

—During the recent joint European command maneuver held throughout the U. S. zone of Germany, Private First Class William E. Hughes of New Castle helped keep communication lines working for the entire war-famed first infantry division, backbone of American power in Europe.

Today in this small Bavarian town where his outfit is garrison-

around 500 miles of telephone wire during the ten-day maneuver—all to keep commanders in constant contact with their troops; to maintain 24-hour communication among the thousands of troops which make up the first division.

**Lived With Aunt**

Son of a Protestant minister in South Carolina, Hughes lived with his aunt, Mrs. Alvin Gilch of 413 Cascade street in New Castle, before donning the khaki-green of Uncle Sam four one-half years ago. Also in New Castle are his five younger brothers and another aunt, Mrs. Ralph Jordan of R. D. 8.

After the war during which he served 19 months on Saipan, Tinian, Guam and Japan, Hughes returned to New Castle where he was employed at the Shenango Pottery factory before re-enlisting a second time in the army.

Today in this small Bavarian town where his outfit is garrison-

ed when not on maneuvers or training problems, Hughes remarked that as long as he lasts he'll stay in the army.

## U.S. Says Russia Imposed Monopoly On Danube River

Government Declares It Will Not  
Recognize Soviet-Dictated  
Convention

WASHINGTON, Nov. 16.—(INS)—The United States Tuesday charged Russia and its satellites with imposing a monopoly on Danube river commerce in violation of peace treaties and a 1946 decision on the council of foreign ministers.

In a formal note to Russia, Bulgaria, Czechoslovakia, Hungary, Romania and Yugoslavia, the U. S. government declared it would not recognize the Soviet-dictated Danube convention "as having any valid international effect."

Parallel notes were sent to the iron curtain countries by Great Britain and France.

In 1946, over the strenuous objections of the United States, Britain, France and Austria, the Soviet bloc adopted a convention controlling commerce on the river.

**Two-Thirds Control**  
This had the effect of giving Russia control of two-thirds of the Danube from the mouth north, thereby effectively stifling the free flow of commerce on the river.

Last Friday at Gallatz, Romania, the Soviet bloc countries set up a new Danube commission. They kicked out the employees of the old commission, operating under a 1921 treaty, and seized the latter's assets.

The U. S. note declared the procedure "violates the concept of international waterways which has been recognized in Europe for more than 130 years."

The western powers declared that they would continue to consider the Paris treaty of 1921, which protects the rights of the U. S., Britain, France, Austria, Belgium, Greece and Italy to be in force for the entire Danube river.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

FINDING SUBSTITUTE  
FATHERS

Every child needs a father. Yet this need can't always be met. During the war, fathers were away for years on end. Fathers leave home via the divorce court. And some die while their children are still young.

Substitutes are rarely, if ever, as good as the genuine article. Yet, they are better than nothing—sometimes a great deal better. What about substitutes for fathers?

Uncles or other male relatives can pinch-hit in certain circumstances. Fathers in the families of the dead may be willing to take another youngster or two along to the ball game, on a hike in the woods, to the circus. Organized play-groups and summer camps may provide father-like contacts for boys and girls who have no father of their own. We could do with a few men teachers in our elementary schools, too. Whether or not, the child has his own father, contact with men as well as women teachers is an important part of normal, healthy growing up.

In a variety of ways, one may find substitute experiences for children who cannot have contacts with their own fathers. It's not easy but it's worth the effort. Every youngster needs to live close to both a woman and a man as he (or she) is growing up.

## Secretary Johnson Calls Meeting Of Defense Committee

Second Meeting Of North Atlantic  
Defense Committee Set  
For December 1

By DARRELL GARWOOD  
(U. S. Staff Correspondent)

WASHINGTON, Nov. 16.—Defense Secretary Johnson called a second meeting of the North Atlantic Defense committee Tuesday to be held in Paris December 1.

He announced that he expects to head the American delegation to the session.

The Paris meeting will be less than two months after the first session held in Washington last October 5. The committee is comprised of the defense ministers of each of the Atlantic Pact countries.

Johnson, as chairman of the committee, will go to Paris in company with a large staff of military advisors and representatives of the State department.

**Integrated Plan**  
He is expected to present to the foreign ministers a "fully integrated" plan for the defense of treaty countries, outlining in general the contribution each country is to make in case of attack.

Under a provision attached by Congress, this plan must be approved by the treaty organizations and by President Truman before the bulk of military aid program funds can be spent. Only "00 million dollars can be spent before the approvals are obtained.

The necessity for completing plans before launching the military aid program was believed to be the reason for calling a second meeting so soon. The treaty's defense committee normally will meet only once a year.

The actor is in London to appear in a royal command film performance.

The princess' father died in a plane crash 12 years ago. Her mother, Princess Ebi Ghica, remarried and took the name of Donescu.

The November meeting of the Arthur McGill Parent Teacher association will be held Thursday evening, November 17, at 8 o'clock in the school auditorium.

Guest speaker of the occasion will be Miss Beulah Campbell, elementary education specialist from Westminster college, whose subject will be "Teaching of Reading."

This will be followed by a panel discussion with the following teachers taking part: Miss Helen Maxwell, Miss Roxana Irwin, Miss Helen Meyer, Mrs. Nina Leiblich, Miss Ann McMillin and Mrs. Daisy Hurst. An attempt will be made to answer questions that parents may have concerning the problem of reading.

## Western Ranchers Survey Beef Market For Possible Cuts

Great Number Of Beef Cattle Being Fed Might Indicate Slight Price Drop

WASHINGTON, Nov. 16.—(INS)—Western ranchers and eastern cattle feeders are surveying the beef market to see just how many steers can be marketed without a serious cut in profits.

The agriculture department said that the great number of beef cattle now being fed for market, might indicate a central, if slight, drop in beef prices.

But the department also said that it had no idea just how many cattle farmers intend to send to market in the near future. Many farm circles, however, predict at least a slight drop in retail prices.

The department said that cattle shipments into the corn belt for feeding purposes jumped 48 per cent above the year ago level from July through August, reaching a new high.

Corn Belt Increases

In the eight corn belt states for which records are available in shipments for the July-October period totaled 2,004,000 head, compared with 1,355,000 head for the same period last year. These increases were as follows:

Michigan 84 per cent, Minnesota 70 per cent, Wisconsin 62 per cent, Iowa 59 per cent, Ohio 52 per cent, Illinois 35 per cent, Nebraska 35 per cent and Indiana 31 per cent.

However, a "substantial" reduction in the number of feeder cattle originally produced in the corn belt this year or held over from 1948 is an off-setting factor in the choice beef supply picture, the department said.

## Rockview Prisoner Free For 10 Hours

BELLEFONTE, Pa., Nov. 16.—(INS)—A 20-year-old Clearfield county inmate of Rockview penitentiary was back in his cell Tuesday after 10 hours of hungry freedom.

Joseph T. Lucas, who said he attempted to escape the prison farm Monday because he owed debts to fellow prisoners, was picked up by Sheriff M. L. Kauffman near Potter's run about 15 miles from Rockview. Lucas said he was "glad to be back" because he had not eaten while absent from prison.

## MOVE MILLIONS IN BANK ASSETS ACROSS STREET

PHILADELPHIA, Nov. 16.—(INS)—Nearly 200-million dollars in bank assets moved in shifts across busy Broad street Tuesday. Armored trucks transferred the assets in 10-million dollar loads from the Girard Trust Co. vaults across the street to the new Western Saving Fund Society Bank.

The assets had been in safekeeping at the Girard Trust since last summer.

## Governor Dedicates Research Laboratory

Fox Chase Cancer Research Laboratory One Of Most Modern In The World

PHILADELPHIA, Nov. 16.—(INS)—Gov. James H. Duff dedicated one of the world's most modern cancer research laboratories Tuesday with the prediction that the institution would discover the cause and cure for the dread disease.

Duff spoke at ceremonies officially opening a two million dollar laboratory at Fox Chase which will be manned by 70 leading scientists in the field of cancer research.

The chief executive declared that "socialized medicine would never accomplish what probably will be accomplished at this institution—the discovery of the cause and eventual cure of cancer."

Duff called the laboratory the "greatest mass attack upon cancer" in the world. He said that the importance of its research equals that which went into the development of the atom bomb.

Another speaker at the dedication ceremonies—C. C. Nesselrode, former president of the American Cancer society's research division—was even more optimistic than Duff.

"I firmly believe," Nesselrode said, "that this generation will find the overall cause and cure of cancer."

Funds for the laboratory were contributed by the family of J. Howard Pew, Sun Oil Co. official.

UNION LABEL LEAGUE  
The Ladies Union Label league met recently in the Trades and Labor assembly hall.

Plans were made for the annual turkey dinner to be held on December 13. Complete plans will be made at the next meeting on November 22.

Sculptors of classic and medieval times used to color the marble they worked with until the time of Michelangelo, when statues were washed white by rain were discovered and regarded as being more beautiful.

## Fraternity Loses Social Privileges From Tragic Night

Ohio State Fraternity Penalized After Death Of Member From Shooting

COLUMBUS, O., Nov. 16.—(INS)—The fraternity which staged a cocktail party and dance that climaxed with the murder of a popular Ohio State university student Tuesday lost its "social" privileges until 1950.

The fatal shooting of Jack T. McKeown, 21-year-old Norwood, O., resident, in a scramble to wrest a gun from James D. Herr, 20-year-old former marine corpsman, put a tragic end to Delta Tau Delta fraternity activities.

The action of the University

Council on Student Affairs came on the heels of court sessions in downtown Columbus in which Herr pleaded not guilty to the murder, and his date for the fateful evening was ordered held as a material witness.

Herr was bound over to the grand jury without bail and his girlfriend, Miss Joyce Crafton, 22, a resident of Herr's hometown of Euclid, a Cleveland suburb, later was released on \$300 bond.

Herr's attorney, Matthew L. Bigger, scoffed at police theories that

the university freshman had a violent argument with Miss Crafton and allegedly made improper advances toward her in her room. Bigger said:

"You may quote both myself and Miss Crafton as saying there was nothing in Herr's attitude when he left Miss Crafton to indicate he was mad at anyone, or that he intended to get anyone."

DAVID'S IN A HURRY  
ALPENA, Mich.—David Olsen is one youngster who can't wait to start school. One morning, David's mother became worried about his absence. Police and neighbors who joined in a search found David at a school five blocks away. David is only 18 months old.

## Ask Persons In Need Of Housing To Report

Steps are being taken by local business men in an effort to eliminate the housing shortage in New Castle.

New Castle, along with other cities of comparable size in this section of the state is in need of more housing units in order to eliminate the doubled up family problems which exist, they believe. In a recent announcement made by the Pennsylvania Housing and Development Authority, New Castle is entitled to upwards of \$200,000 worth of funds for building purposes if the need for such housing exists and proof of the need is supplied to the authority.

Men who believe in the future of this community have determined that the New Castle area should not pass up this opportunity, but in their planning, they find that they need the assistance of residents of the city and community who are in need of adequate housing.

### Ask For Survey

The Housing Authority have requested the men interested in the project to make a survey of the housing needs here and if the demand for additional units is justifiable, the funds would be granted to match the local investments. If the entire fund to be granted by the state is used, the eventual housing project which would not be just a state operated program, but taxable, would amount to over one million dollars.

The local group has especially requested that veterans who are in need of additional space for their growing families apply for facilities in the project. The rent which will range from \$45 to \$65 a month will not exceed the latter figure when the project is completed according to the terms of the state body which will finance in part the entire project, it is stated.

The new development will not be confined to veterans but anyone who is doubled up or living in cramped space. Possible sites for the project have already been examined and will be announced in a short while.

### Backing Of City Officials

The project has the backing of the city officials who took the first move so that New Castle can have a fine new housing project. Formal request was made by the mayor and city council for the funds to

be used eventually in the building program.

The state's rigid architectural demands will make the rooms of the new homes and apartments larger than the average size. The plans for the homes must pass the strict scrutiny of the state authority before the homes can be erected.

Forms have been printed and residents interested in the development are requested to write to Box 173, care of the New Castle News and they will be mailed promptly the form which may be filled out and returned.

Those who completed the application blank carried in The News on Tuesday, November 8, are asked not to write for a blank as their request is on file. The complete number of requests received will be reported to the state authority who will determine the necessity for the project.

# King Santa Reigns In Magical Land Of Toys

Once again Old King Santa steps to his throne to reign over Toyland and the magical land of "Make Believe."

In his bright red, fur-trimmed suit and roguish eyes peeping below his jaunty cap, he is the idol of boys and girls the world over. About this time of year he settles back in his big chair to hear the never-ending requests of youngsters. Tiny tots, scarcely able to talk, nestle close on his lap and tell of the baby doll or tricycle which is Number One on the long list of toys wanted for Christmas.

Laughing as he talks, and with the same mirth showing in his eyes, Santa patiently remembers all the toys wanted by the youngsters. He will do all in his power to make each child happy on Christmas morning.

**Land of Toys**  
Local merchants have brought the Land of Toys right to their very stores. Giant, animated clowns and elves take their places in store windows to grin broadly at the public. A make-believe Santa and his merry helpers are seen preparing toys that will delight the heart of many children on the long-awaited holiday.

Every year little girls look eagerly for dolls. Dolls . . . little, big, with or without hair, some with "real skin," in all types of costumes . . . are wanted by the little mothers, no matter what the age. Kitchen stoves and other appliances are wanted by little girls and they like them just like their mother's. Small boys still enjoy wagons and sleds, and like the favorite electric train and skates.

Take a trip to this Land of Surprises and see just what fun you'll have. Entering the door, a huge happy clown greets you and proceeds to show you around. There are just so many delightful toys to see that it's hard to decide what to look at first.

For the mechanical minded boy there are wood and plastic blocks, tinker toys and erector sets. A little artist's heart will rejoice with the wood buring sets, modeling clay and paint books of all descriptions. Older children like the boxing gloves and pool tables.

**Many Toys**  
Going on a Jack-in-the-Box jumps out to see what is all the commotion in this strange world. With his supposedly unseeing eyes he knows exactly what is going on around him. The stuffed dogs, cats and lambs tell each other of the hope that they will attract the

fancy of some tiny child. In their bright cloth coverings and ribbon bows they would make any child happy on Christmas.

Children have from now until Christmas to see what they would like to have. Then on Christmas eve Old St. Nick will leave the stores and go to his North Pole home to get the toys packed for the youngsters. Long after the boys and girls are asleep he will return with his sleigh and dashing reindeer to visit each child's home and leave all the gaily wrapped gifts.

Then on Christmas morning, with the children's eyes as bright as the tree lights themselves, each tiny tot will know that there indeed is a dear Santa in the world.

## Cut-Rate Wheat And Flour Sold

Agriculture Department Announces Additional 2,228,003 Bushels Sold Last Week

WASHINGTON, Nov. 16.—(INS)—The Agriculture department announced that an additional 2,228,003 bushels of cut-rate U. S. wheat and flour were sold last week under the World Wheat Pact.

The sales involved 40,813,800 pounds of commercial flour (equivalent to 944,757 bushels of wheat) 180,935 bushels of commercial wheat and 1,102,311 bushels of federally-owned wheat. The transactions brought to 15-

586,899 bushels the total amount of U. S. wheat and flour sold under the agreement since it became effective last August 1.

The Agriculture department has stuck a new label on improved and disease-resistant varieties of flue-cured tobacco.

It's "Dixie Bright" and will be applied to flue-cured tobacco developed in the joint research program of North Carolina.

The name, adopted recently by the North Carolina Seed committee will be followed by a serial number designating the principal distinguishing characteristics of the variety.

"Dixie Bright" indicates both the region and the type identified with the production of flue-cured tobacco.

The longest stretch of railroad without a curve in the United States is the 79 miles of the Seaboard Air Line between Wilmington and Hamlet, North Carolina.

## National Kids' Day Observed By Kiwanis Clubs

Clubs Throughout Nation Are Making Special Observance Of Event

New Castle Kiwanis club is joining with more than 3,000 other Kiwanis club throughout the nation in the observance of National Kids' Day, which is scheduled for Saturday, November 19.

The purpose of National Kids' Day is to provide a focal point and

promotional device so that the potent forces in communities may be directed toward combatting the continual rise in the number of crimes affecting children, and at the same time improving the lot of underprivileged children.

Two events scheduled for the day will call nationwide attention to the day. The first is scheduled for Thursday of this week when premieres of a new motion picture, "Johnny Holiday", will be scheduled in many major cities. The National Kids' Day Foundation has arranged for the producer of these simultaneous premieres with the proceeds going to local

Kiwanis clubs for work with underprivileged children.

The second will be a nationwide broadcast on Friday evening, featuring prominent personalities from all walks of life.

Locally, as part of the New Castle Kiwanis club program, the children of Margaret Henry Home are being entertained at the weekly meeting today in The Castleton, when Mrs. Lida J. Green, matron of the Margaret L. Henry Children's Home, is addressing the club.

The National Kids' Foundation was organized by Kiwanian Jimmy Fidler of Hollywood. The work-

ing capital of the foundation was obtained through a radio contest sponsored by Mr. Fidler on his radio program. Mr. Fidler is president of the foundation. Its board of directors contains the names of many prominent Americans and Canadians.

NEW YORK—Despite the increasing number of people in the New York metropolitan area, small game still is available not many miles from the downtown skyscraper area. Particularly is this true with rabbits, who seem to delight in making home gardens an important source of their food supply.

**W.C.T.U. Diamond Jubilee Anniversary**  
On this our Diamond Jubilee Anniversary of the organization of the NATIONAL WCTU, Lawrence County WCTU wishes to honor Mrs. Annie Turner Wittenmyer, first President, and Miss Frances E. Willard, first Corresponding Secretary, later destined to become our most distinguished woman.  
We pay high tribute to the 135 women from 18 states who assembled at Second Presbyterian Church, Cleveland, Ohio, November 18, 19, 20, 1874, to form this national society, and weld into a nation wide force the increasing number of temperance leagues that had begun to function independently under the CRUSADE impetus.  
It was at this meeting Frances Willard offered her now famous RESOLUTION which was to become a veritable credo for the Organization. Forceful, but with Christian forbearance, it stated the still continuing aggressive but non-violent position of the organization towards its opponents: RESOLVED: That recognizing the fact that our cause is, and will be, combated by mighty, determined, and relentless forces, we will, trusting in Him who is the PRINCE OF PEACE, meet argument with argument, misjudgment with patience, denunciation with kindness, and all our difficulties and dangers with prayer.  
THE CRUSADE: "In FIFTY DAYS it drove the liquor traffic out of TWO HUNDRED AND FIFTY towns and villages, increased by ONE HUNDRED per cent the attendance at church and decreased that at the criminal courts in like proportion."  
Lawrence County WCTU, Mrs. Mabelle Fox, Pres.

## Building Authority Ready To Begin Big School Construction

More Than \$73,000,000 In Construction Requested By School Districts

HARRISBURG, Nov. 16.—(INS)—The State Public School Building Authority today is near the kick-off in a multi-million dollar school building program.

Officials are ironing out technicalities in the purchase of the authority's first bond issue of \$25,000,000.

More than \$73,000,000 in school construction has been requested by school districts in the past year and the authority has approved projects totaling an estimated \$14,000,000.

All projects undertaken by the authority must have the approval of Superintendent of Public Instruction, Francis B. Haas and are subject to review by the Public School Employees Retirement Fund which will buy sinking fund bonds.

Under a proposed agreement with the retirement fund, the bonds, to mature in 1989 with three per cent interest, will be secured by the leases signed by school districts with the authority. The leases will provide for annual rents large enough to meet the annual principal and interest requirements to pay the cost of each school building project.

The authority was created in 1947 to provide means for school districts to obtain buildings although their borrowing capacity was not high enough to provide ready cash for the cost of facilities.

## Try And Stop Me

By BENNETT CERP

In Shalom Aleichem's The Old Country appears the original version of the meeting between a poor old man from a Russian ghetto and Baron Rothschild in Paris. The Baron's butler, seeing the old man's tattered raiment, doesn't want to let him in, but is brushed aside with a scornful "Fool! If I had good clothes, would I bother coming to Paris?"

Then the Baron is intrigued by the promise of eternal life. The price of the secret is 300 rubles. The old man pockets his gold—the most he ever has seen—and tells the Baron, "It's simple enough. Just move to our ghetto. No rich man ever has died there in our history."

Shalom Aleichem is credited, too, with that solid piece of advice to a lovesick Lohario: "Remember, my boy, you can marry more money in five minutes than you can make in a lifetime."

A night court magistrate looked up in surprise when a man in kilts and a tam o'shanter was led before him and charged with intoxication. "Hm-a-a," mused the judge, "who bought you that whiskey?"

## MRS. FINEGOLD TALKS TO JEWISH COUNCIL

Mrs. Wilfred Finegold of Pittsburgh proved a most interesting guest speaker when members of the New Castle Section of the National Council of Jewish Women met Thursday afternoon at the home of their president, Mrs. Alice Samuels, 1020 South Mill street.

Mrs. Pierson Caplan opened the meeting with prayer and Mrs. Samuels conducted a short business meeting. Mrs. Myron Milbauer, Mrs. Alice Samuels and Mrs. Daniel Fisher gave an engaging and informative report of the triennial convention held in Baltimore recently.

Mrs. Mont Blau, chairman of the international relations and peace committee of the local council, introduced Mrs. Finegold to the assembly. Mrs. Finegold, a graduate of the University of Pittsburgh, is chairman of the international relations and peace committee of the Pittsburgh Section of the National Council of Jewish Women.

She held the rapid attention of the group with her inspiring talk on the United Nations. Mrs. Finegold told the group how the constitution of the United Nations is patterned after the Constitution of the United States. She passed around a copy of the U. N. charter and said the U. N. was weak because members were afraid to push it.

She pointed out some of the ways to push it were to display the U. N. flag and emblem as often as possible and that U. N. postage stamps should be brought to the attention of individuals everywhere.

Mrs. Finegold declared "the primary responsibility for success of the United Nations rests with the American people. No other nation could take the necessary leadership and this nation cannot do it unless its people make clear that they are willing to pay the cost, not in money, but in submission to international legal order of strengthening the United Nations."

Hostesses for the occasion were Mrs. Louis Kohn, Mrs. Jack Schwartz, Mrs. Simon Hecker, Mrs. Stanley Krause, Mrs. Abe Cohen, Mrs. Joseph Greenberg and Mrs. Harry Greenberg.

## Wife Takes Fight Against Divorce To Supreme Court

Wife of Cumberland County Millionaire Says Husband Still Lives In State

PHILADELPHIA, Nov. 16.—(INS)—Bernice G. Smith, of Camp Hill, Pa., Tuesday carried to the State Supreme Court her fight to restrain a divorce action by her husband, a Cumberland county millionaire.

The husband, Luther B. Smith, seeks a divorce in Dade county, Florida, where he moved from Camp Hill on May 24, 1945.

Mrs. Smith's attorney said she married him in 1916 when he operated a modest produce business. They claimed his interests since then have extended to many major business enterprises.

The wife's appeal was against an adverse ruling by the Cumberland County Common Pleas Court which dissolved a preliminary injunction against the husband's divorce suit.

Smith did not appear in court to deny his wife's story that he is still a resident of Pennsylvania rather than Florida.

## Molar Mechanics Make Advances

Dentistry School Announces Several New Ways Of Reducing Patients' 'Ouches'

By ROBERT N. SCHWARTZ

(U.S. Staff Correspondent)

CHICAGO, Nov. 16.—Your average dentist (ouch!) is a kindly, sensitive man. He likes people and he wants them to like him.

He can't understand why, when he says "This may hurt a little," that strong men blanch; but he's been told that the cause of it all is pain.

So the dentist is going to do something about it.

What he's doing was described in the second of a series of postgraduate telephone-broadcast courses being given by the University of Illinois' Dental college to 7,000 dentists in the nation.

A panel of six scientists agreed, with some understatement, "that it hurt a bit to have your tooth extracted or have a cavity filled."

Use Air Jet

Dr. Edward J. Ryan, noted dental author told the dentists about a

new instrument which does the work of a drill by shooting a high speed air jet that carries an abrasive against the tooth.

The instrument still is in the testing stage, but Dr. Ryan listed four other recent developments which are making the dentist a more popular guy.

First, he said, there was the sedative demerol which not only cuts pain but reduces "anxiety." He listed as other recent advances:

1—Use of small doses of pentothal sodium in combination with nitrous oxide-oxygen as an anesthetic.

2—Development of a device that delivers a fine spray of water to the cutting point of a dental instrument to reduce frictional heat in cavity preparations.

3—Development of fast, clean cutting frictionless instruments of hard carbide tungsten steel and diamonds to reduce the "ouches" in drilling.

## Damage Suit Filed Result Of Crash At Frisco

BEAVER, Nov. 16.—William and Blanche E. Haus, Franklin township, have filed suit in the Beaver county courts against the John Pawling Great London Circus seeking to recover \$11,510 damages.

Mr. and Mrs. Haus charged that their home, situated near the eastern end of the Frisco bridge over Connoquessing creek, was almost demolished last May 10 when a trailer, hauling a mobile kitchen outfit in a huge trailer, crashed into it.

The huge vehicle, they stated, ripped through the front wall, and plunged through the living room floor into the cellar.

According to a survey, nearly 846,000 acres of land will be needed in cities for park and recreation space in 1950 to serve an urban population of almost 85 million.

## New Dairy Breeding Center To Be Opened

Thousands Of State Dairy And Livestock Men Expected To Attend Opening

STATE COLLEGE, Pa.—Research work in livestock breeding will be greatly aided with the opening of a new dairy cattle breeding research center at the Pennsylvania State college.

Thousands of Pennsylvania dairy and livestock men are expected to attend the open house program on Friday and Saturday when the new center will be dedicated. The center was made possible by grants from five of the artificial breeding cooperatives in Pennsylvania and a special grant from the state legislature.

"The whole program of artificial breeding is still in the 'Model-T' state," Dr. John O. Almquist, associated professor of dairy husbandry, explains. "With this new center, we hope to find the answers to many of the field problems which are bound to crop up in a new industry. Through research, we hope to keep Pennsylvania at the top in the nation's dairy industry."

The center, the most modern of its kind in the country, includes laboratories for bacteriological, physiological and chemical studies, bull barns, calf barns and feed storage units. Dr. Almquist will be in charge.

MATURE BRIDE

"I am planning to be married next month to a man who has been married but is divorced. I am 45 years old and he is 48. Will you please help me out on the following: (1) What is the proper attire for both my fiancé and me? The wedding will be in the afternoon and will probably take place in the parsonage. (2) How should the invitations read? My parents are both dead and the invitations, therefore, cannot be sent out in their names. (3) How many attendants would be proper and how should they be attired? (4) Would it be all right to have a catered dinner after the ceremony?"

Answer: You may wear a long afternoon dress and your fiancé

afternoon formal clothes. Or you may both dress informally—you in a street-length dress or a suit and your fiancé in a business suit.

(2) Issue informal invitations—informal notes or verbal. Then send out the usual formal engraved announcements.

(3) Two attendants—a maid or matron-of-honor and a best man. They should be dressed either formally or informally just as you are.

(4) Catered dinners are always easier to serve and usually more successful.

Question: How should a formal wedding invitation from a close relative be answered? This invitation is from an uncle for the wedding of his daughter. I know it is correct to answer a formal invitation formally, but would a personal note be more appropriate since it is from such a close relative?

Answer: The invitation, even

though it is from a close relative, should be answered in the usual form manner—in the third person as the invitation was written.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

## Former Legion Commander Directs "Operation Bonus"

PHILADELPHIA, Nov. 16.—(INS)—A mild-mannered banker and ex-soldier just brushing the 50-year mark is the man of the hour today for Pennsylvania's estimated 1,285,000 bonus-hungry veterans.

He is former State American Legion Commander Clyde E. Rankin, deputy state adjutant general and director of "Operation Bonus" who hopes to start mailing checks for the half-billion dollar soldier payment before spring.

By December 31 Rankin will assume command of a task force of 1,000 newly-hired workers, checking and double-checking to make certain each veteran gets exactly what he's entitled to receive.

Appointment to direct "Operation Bonus" is something of a reward to a man whose career has been dedicated to soldier welfare and to the citizens of his home state.

**Served Overseas**  
Rank-and-file ex-G. I.'s hail him as a man who "knows what it's all about." Rankin served overseas in World War I with Pennsylvania's famous 28th Division, returned home with sergeant's stripes but minus a leg.

For 17 years he directed the Boy Scout committee of the John L. Lounsbury Legion Post of Philadelphia. More than 500 of "his boys" saw World War II service and 11 made the supreme sacrifice.

Down through the years, Rankin's voice has been heard frequently urging job preference, pensions and better housing for veterans.

From 1933 to 1947, Rankin worked in Harrisburg supervising the disposal of property and assets of closed banks.

Upon completion of his tasks with the Closed Banks Division, he won the State Legion's highest post-election as Pennsylvania department commander.

**Native of Kane**  
Rankin was born in Kane, Pa., and was graduated from Bradford high school and Temple university. His son, Clyde Jr., saw service as a World War II army captain.

Rankin and his crew hope to get the bonus checks out at the rate of 12,000 to 15,000 daily. He advises veterans to return applications quickly as payments will be made on a first-come-first-served basis.

Elaborate precautions have been set up to prevent fraud in the distribution of checks. Veterans must submit their original discharge papers along with their applications. Photostats won't do.

Executive Of Johnson Bronze Company Tells Of Trip To European Countries

Louis Sandler, of the Johnson Bronze company addressed the Wolves club, Tuesday evening at their dinner-meeting at The Castleton, speaking on his "Travels in Europe."

Starting with his embarking the Queen Elizabeth at New York Harbor, Mr. Sandler told of his first stop in England and of the ruins, some of which still stand from World War II.

The meals in England are skimpy he said. Food is rationed, and six ounces of meat are allowed per week. However, the people do not complain, and during this six weeks there, he was unable to purchase an egg. People in England are well disciplined, said Mr. Sandler. They do not have a black market and get along fairly well.

In comparison with the working man in this country, the English factory worker makes about \$30 per week. The English factory employer invests about \$2,000 per worker; while in America, about \$12,000 is invested per employee.

England was hard hit in the war, and it will be a long time, if ever, before England makes a comeback, Mr. Sandler stated.

Holland was the next country, he visited, and this country has every. France is in a good

IN COURT HOUSE

Two school directors have been appointed to the Chewton Independent school board at the request of citizens. Petitions were presented asking that Earl Allen and Joseph Hozick be named to six-year terms upon the board and this was done.

School directors of independent school districts are appointed by the court because these districts have no elections.

An independent school district is one carved out of a township for school purposes only. The citizens vote for all township, county and state officers but there is no provision for the election of school officers.

There are two independent school districts in Lawrence County, Chewton and Edenburg.

East Brook Seniors  
Stage Class Play

'A Husband For Sale' Is Amusing  
Comedy Staged By Senior  
Class Of School

Girls, do you want a husband?

"A Husband For Sale" was the title of the play presented by the senior class of the East Brook high school on Friday evening.

Aunt Sophronia (Margaret Lyons) was one of those maiden ladies who longed to be wed. She had lots of money, but no suitors.

Fancy her astonishment when her favorite nephew called her on the telephone one day asking her to come right over informing her that he had a husband all picked out for her.

You see, Sophronia's nephew, Warren Bingham (Dick Hanna) had a pal who suddenly discovered himself with loads of liabilities and no assets.

Emmet Hunting (Richard Mayberry), Warren's pal, comes to him to appeal for aid.

Warren is suddenly inspired with the idea of having Emmet marry the wealthy Aunt Sophronia.

When the lady arrives, bent on matrimony, she meets Clement Hunter (Thomas Jones), Emmet's valet, mistakes him for the man her nephew has picked out for her.

suggests that they be married at once, much to the valet's amazement, and she plunges headlong into a wedding with the wrong man.

That is only one of the many amusing situations contained in the play. Mrs. Robert McCrumb was the director of the play.

# New Castle High Gridders Resume Practice Sessions For Title Game

New Castle High's Red Hurricane football team starts practice drills today for the WPIAL championship football game at Pitt Stadium, November 26.

Coach Phil Bridenbaugh indicated Tuesday that sessions will be held Thursday and Friday this week also, and then a rest until the last week of intensive drill starts Monday, November 21.

The squad has not had a practice since the night before the Warren game. The veteran head coach is calling the drill this week to keep his team in good condition. This has been one of the main factors for the success of the Canes to date. A layoff of five or six days as recently experienced should keep the championship-hungry Scarlet warriors from getting stale.

**See Movies**  
Movies of the Warren game were shown to the squad yesterday afternoon at the high school. While the team starts getting ready, other preparations at senior high school are being made to make this defense of the title one of the really big event on the school calendar.

A huge bon fire, pep rally, and parade are on the agenda for the Friday evening preceding the game.

At least nine bus loads of students plan to make the trip on vehicles sponsored by the Student Council. Many others will go by special train and private cars.

The band will occupy three additional buses and the team one.

**Ticket Arrangements**  
Ticket Manager, Earl McKenzie today announced detailed plans for buying tickets for the big game.

There will be no reserved seats. Students may purchase tickets at senior high school and at the junior high schools on Monday, Tuesday, and Wednesday of next week. Student tickets sell for 50 cents each and Wednesday afternoon is the final date that they will be available. None will be sold on Friday or at Pitt Stadium the day of the game. Grade school students may purchase game tickets through their principals.

The ticket booth at North Street school will be open for adults only Wednesday and Friday of next week from 9 to 4. Adult tickets sell for \$1.50 and will also be available at the stadium the day of the game.

**TURKEY TARGET SHOOT TONIGHT**

There will be a Lucky Turkey target shoot tonight at 7 o'clock at the Lawrence County Spookman range at the Harbor. It was announced by Herman Steinbrink today. All shooters are given an invitation to participate.

**SEEKS CAGE GAMES**  
Sagertown Fireman county champions in the 1948-49 season, would like basketball games on a home and home basis with New Castle and Lawrence county teams.

For games, contact F. A. Roschke, 5 to 6 o'clock in the evening at telephone, Sagertown 2725.

## DIAMOND, PRICE CANDIDATES TO HEAD SPORTSMEN

Jack Diamond and Howard Price were nominated for the presidency of the Lawrence County Sportsman's association for 1950 last night at a meeting attended by three hundred persons in Ecclesian hall. President Herman Steinbrink who was also nominated, declined the nomination.

Other persons nominated to serve during the coming year following:

Vice president, Frank Barr and John Susco.

Recording secretary, Eddie Fritz, Jr., Joe Hensley who was also nominated.

Financial secretary, Mrs. Wilma Mooney, James Boyd, Jr., who was also nominated, declined the nomination.

Directors, James Boyd, Sr., and Andrew Dodds.

Trustees, Henry Rodgers and Joseph Crabie.

The election will be held at the December meeting.

Motion pictures of New Castle hunters in action and also of British Columbia scenes were displayed. The pictures were much enjoyed.

**Baseball Moguls Discuss Changes**

CINCINNATI, O., Nov. 16.—(INS)—Major and minor league baseball moguls meet today in Cincinnati for some decisive action on rule changes and regular business.

Warren Giles, president of the Cincinnati Reds, announced earlier that two rules will get priority in the discussions.

One regulation to get attention is that which rules a base runner is not out if he is hit by a batted ball while standing on base.

**Curfew Law**  
The second rule is the curfew law which prohibits starting an inning after 12:50 a. m.

Giles said several cities have their own ordinance to deal with the curfew law. He said:

"We have taken the stand that if a person wants to stay on until the game is finished, he is entitled to do so."

The Reds president was a member of a subcommittee which completed a study of baseball rules and is to make a report of the group's findings.

Only regulars who'll be back at Penn State for another football campaign are John Smidansky, Owen Dougherty and Vince O'Bara.

## Press Box Mutterings

By THE STAFF

**READER'S RIGHT—WRITE**

To Jack Pearce goes the dubious honor of being the first writer to this column whose letter certainly deserves an answer. We believe that Mr. Pearce would agree that the letter should not be printed in full. It was, however, most welcome here and requires a forthright answer.

The gentleman and football fan was questioning our motives and inferences concerning a piece appearing in this column about Farrell "outplaying" New Castle in the football game at Farrell. Exception was taken to the statement that Shippott this season and our remarks concerning play in the New Castle-Farrell game.

**Weak This Year**  
According to Noah Webster's big, brown unabridged version, doldrum is a state of listlessness. In a figurative sense the word was used advisedly because both leading Mercer county high schools, normally strong teams, have been able to do very little against top-flight opposition this season.

The somewhat barbed comment about Farrell outplaying New Castle was not directed at the players or coach. In our mind, the Farrell game was probably the most outstanding on the 1949 schedule for good, hard clean football. Both teams gave their very best and it was a high class demonstration of high school football. However, the statement that "Farrell played a bigger New Castle team off its feet" would not be backed up by any impartial fan who saw the game and its statistics.

**SUBSTITUTION RULE**  
Last Friday's New Castle high football game with Warren produced several penalties against the Ohio visitors because of illegal substitution or delaying the game.

The rule differs in Ohio, where the National Collegiate rules apply in high school, from Pennsylvania, where high schools use the National Association of Federated High Schools rules.

In Pennsylvania, two substitutes are allowed between plays when the clock is running. The clock keeps running even when the ball changes hands. Collegiate rules, catering to the two platoon system, stop the clock when the ball changes hands and permits unlimited substitution at that time.

Warren Coach Charles Riffle was instructed in these differences before the game. As a matter of fact, the officials stated after the game that Riffle had been told "more than once" about the rule differences.

It has been the practice since the inauguration of the Warren-New Castle series that the rules of play are determined by the state in which the game is played. It is indeed unfortunate that Mr. Riffle in his first year as head coach should have such difficulty with his season record, game officials and host coach.

**FIFTEEN YEARS AGO**  
The story colorfully described the 19 to 0 win by New Castle over a good Warren team in the mud of Taggart Stadium. An East Washington street dairy has the detailed story as chronicled in the Warren Tribune.

The names of some of the players however do not sound like this year's participants in the 19 to 0 win in the mud of Taggart Stadium.

It was in 1935 and the similarity does not end with the playing conditions. Fists also flew that night before the game had ended.

Warren's fullback of that season and the outstanding defensive player in the game was Charles Riffle, now head coach.

**Young Hunter Bags 22-Pound Turkey**

ALTOONA, Pa., Nov. 15.—(INS)—If there was a prize given for the largest turkey, young Harry Godfrey, Altoona, would be one hunter to apply for it.

Godfrey hunting with his father, Owen J., bagged a 22-pounder while out for the day near Bennington.

## Three Mat Bouts In Arena Tonight

Eight wrestlers are scheduled to grapple in three bouts, the first of which will begin at 8:30 tonight in The Arena, and no doubt, long before the last fall, or decision is rendered in the exhibitions, some patrons will be frenzied and others put in a jovial mood by the actions of the grapplers.

The bouts are docketed as follows:

Cyclone Anya vs. Benito Gardini, heavyweights; one fall, or 60 minutes to a decision.

Bobby Ford vs. Pancho Valentino, heavyweights; one fall, or 30 minutes to a decision.

Billy Weidner and Jack Vansky vs. Pearre LaBelle and Cowboy Clemons, heavyweights, tag match, best two of three falls, or 60 minutes to a decision.

Owing to his appearances on television Gardini is better known than is Anya. However, Anya, who won the junior championship of the mat heavyweight world, is one of wrestling's best exponents.

When Cyclone defeated Frank Talaber here several weeks ago he made a hit. He exhibited many holds and grappled cleanly.

**Ford Is 'Comer'**  
Gardini is said to be an exceptionally rough fellow on the mat, and may prove the "villain" of the exhibition. However, this is not certain, and will not be until the match is actually under way.

Ford, who comes from Youngstown, was spoken of recently by a Pittsburgh sportswriter as a very good mat man, and a comer. His opponent, Valentino, was defeated here several weeks ago.

The tag match is certain to prove exciting. The wrestlers see to it that it is exciting. When one wrestler is punished or becomes exhausted, his partner takes his place.

The last tag match was crammed with excitement and burlesque, the former putting some fans in a frenzied mood, and the burlesque amusing others. Apparently tag matches have caught the fancy of fandom here and elsewhere.

The Jefferson A.C. is promoting the exhibitions under the supervision of the State Athletic commission.

## Many Veterans Will Be Missing When Majors Head For Training

By TOM R. BRISLIN  
(International News Service Sports Writer)

PHILADELPHIA, Nov. 16.—This is the time of the year when the old rocking chair looms ahead for many major league stars approaching the end of the baseball trail.

In virtually every big league club's front office today, they're unmercifully wielding the axe that chops from the payroll those players who've apparently reached the well-known crossroads.

As usual, the rise of new and younger stars and the influx of promising rookies from the minors is spelling doom for many distinguished stars of the diamond.

**Joe May Be Done**  
There is some talk in baseball circles that even the great and courageous Joe DiMaggio, the New York Yankees' No. 1 jolter, is one of those who has just about completed a brilliant tour of major league duty.

Most observers say Joe's health isn't good, but the Yankee clipper may give it another try in 1950 if his bad heel holds up. DiMag is known to feel that he has many a good basenock left, but won't hesitate to retire if he proves to himself he's through.

**Rowe Through**  
Another star of a by-gone era—Schoolboy Rowe of the Phillies—already has headed for the pasture-

lands after being released by the youth-stressing Blue Jays.

Rowe pitched the Detroit Tigers to three American League pennants. He hurled 24 victories in 1934, 19 in 1935 and 16 in 1940. Schoole equalled a league record of 16 triumphs in a row in 1934.

Then there's little Hank Majeski, veteran third sacker for the Athletics. It seems almost certain the one-time Yankee hot corner guard is on his way out.

**Walker Let Out**  
Fred (Dixie) Walker, long the idol of Brooklyn in the days when he roamed the outfield for the presently dejected and deflated Bums, has been let out by the Pittsburgh Pirates.

Dixie's feet and legs have been bothering him for three years and now he's taking his substantial bundle of big league earnings into private business.

Old "Aches and Pains" Luke Appling of the Chicago White Sox probably won't admit it, but after 19 years' shortstopping for the White Sox it's likely he is at the end of the line. There are strong indications he may be named to manage the White Sox in 1950, however.

Johnny Mize, the New York Giants' long-time slugger who helped the Yankees win the World Series with a brace of pinch-hits, also has his days num-

bered. "Big Jawn" gets slower every day and at the most can hope for an occasional pinchhitting role with the bombers.

**Miller Is Done**  
Former "Dodgers" "Fireman" Hugh Casey probably won't be a Yankee in 1950 unless some extreme emergency arises. Eddie Miller is finished with the Phillies after once being rated with Slaty Marion of the Cardinals for "Mr. Shortstop" honors.

Even Connie Mack's slugging shortstop, the brilliant fielding Eddie Joost, appears slipping and may be forced aside by the arrival of Billy Demars, already hailed as a coming star.

**Hear Swan Song**  
Some of the other players regarded as through include: Rip Sewell, Harry Gumbert and Elmer Riddle of the Pirates (Sewell has been released already); Mike McCormick of the Dodgers, only 32 and a 300 hitter in 1948 for the Boston Braves but a distinct disappointment in Brooklyn; Whitey Kurowski of the Cardinals; Catcher Bill Salkeld of the Braves; Outfielder Danny Littwiler of the Cincinnati Reds; Second Baseman Danny Murtaugh of the Bucs; Infielder Gene Mauch of the Cubs, and perhaps Outfielder Bill Nicholson of the Phillies. The latter may manage to hang on for another year or two, however.

## Syracuse Leads Eastern League

(By International News Service)

The Syracuse Nationals are making a runaway out of the race for top honors in the Eastern division of the National Basketball Association.

The Nationals made it seven wins out of eight starts last night by edging the New York Knickerbockers, 77 to 74, it was the sixth loss of the season for the Knicks.

In the first half of a New York double bill, the Chicago Stags stopped the Washington Caps, 77 to 63.

**Indianapolis Loses**  
The Baltimore Bullets downed the Boston Celtics, 81 to 73, and Rochester topped the Tri-City Blackhawks, 93 to 81.

Anderson's Duffey Packers took over top spot in the Western division by defeating the Indianapolis Olympians, 83 to 72, in the only other game played.

Tonight, Fort Wayne is at Chicago, St. Louis is at Minneapolis, Boston is at Philadelphia, Denver at Washington and Sheboygan is at Waterloo.

Of Penn State's nine 1949 football opponents, only Pitt and Michigan State claim an edge in all-time competition.

## SADDLE CLUB PLANS LUCKY TARGET SHOOT

Lawrence County Saddle and Harness association will sponsor a lucky target turkey shoot at the show grounds Thursday evening.

Vice president Jim Gardner announced today that shooting will be in progress from 7 to midnight. The club grounds are near Cascade park at the rear of Deshon Annex.

**MEN'S SWIMMING CLASS TO BEGIN**  
A new men's swimming class will be organized this week. Men may register on Friday, November 18, at the Ben Franklin school from 7 to 9 p. m.

These classes will be for beginners as well as for experienced swimmers.

## Gannon College Turns Down Bid

ERIE, Pa., Nov. 16.—(INS)—Undeclared and undecided Gannon College today declined a Smoky Mountain bowl game at Bristol, Tenn., on Thanksgiving Day because of a schedule game with Steubenville College at Steubenville, Ohio.

West Liberty State Teachers of West Virginia will be one of the teams in the Smoky Mountain grid bowl and would have opposed Gannon.

Gannon officials said they won't consider a game until the regular season is over.

## HERE AND THERE IN SPORTS' LAND

**A**GE old sport of hunting, for some reason is pointed out as the most dangerous of all of the many recreational activities of man. It seems the great majority of our people believe this because of the firearms used in following the sport, writes Seth Myers, northwest division, State Federation of sportsmen, who adds:

"We know that firearms are potential man-killers, but what implement of man isn't dangerous? Humans have been killed by nearly everything in the way of sport equipment that exists. One can hardly think of any sport that has not in one way or another, been responsible for fatal accidents.

"The mere fact that guns are considered especially dangerous has served to prevent many accidents. Sportsman clubs throughout the Nation teach youngsters how to use guns safely. Fathers, older brothers and other grown-ups teach them how to prevent shooting accidents.

"Each hunting season brings with it many shooting accidents but when one considers the vast army of hunters the number is small. In Pennsylvania alone, there are close to a million gun handlers each hunting season. Of this number, less than one out of every fifty thousand dies from hunting accidents.

"The safety angle in hunting is being impressed upon hunters more and more each season, by every group interested in the sport. The game commissions are constantly putting out pamphlets, posters and all sorts of circulars educating hunters in safety. Results of this intensive program show an annual decline in shooting accidents. Many of the accidents attributed to the sport of hunting are from causes other than actual hunting. Some are the direct results of too much alcohol. Some happen because of the loss of sleep in preparing for the hunt. Others are caused from overzealous meat hunters.

"Accidents happen or are caused from many conditions. Recently the young son of a friend of mine suffered a severe accident in an unheard of manner. While polishing an empty cartridge picked up to add to his collection, he rubbed against the cap with emery paper causing it to explode in his hand.

"Evidently it had been a dud from which the bullet had been extracted and thrown away. Although it appeared harmless, the powder was still in place. This is not sure enough fellows. All duds should be thrown into a lake, river or some such place where a boy will never pick them up.

"Many of the firearms accidents can and must be eliminated, and it is certain that all of us are willing to work to this end. All we need do about it is to stop and think when handling firearms."

## Barons-Mohawks Battle Tonight

(By International News Service)  
The top and bottom teams of the American League's Western Division meet in the Cleveland arena tonight, but players and fans are discounting their point classifications.

Although the Cincinnati Mohawks have only 8 points to their credit, they are one of the biggest threats to the Barons' hopes of chalking up an eight-game winning streak tonight.

**Cleveland Leads**  
The Barons have met the Mohawks three times and have won one, lost one and tied one. The Clevelanders are leading the Western Division with 23 points.

As a team for the Barons to reckon with, the Mohawks are following closely in the footsteps of the Philadelphia rockets, the team they replaced in the American League.

Other games scheduled for tonight include Indianapolis at Providence and Pittsburgh and Springfield.

The Russian oak in the White House grounds grew from an acorn of an oak in the grounds of the palace of the late czar of Russia in St. Petersburg (Leningrad), which in turn grew from an acorn of an oak which stood at Washington's original tomb in Mt. Vernon.

## Charlie Justice Steeler Property

PHILADELPHIA, Nov. 16.—(INS)—The Pittsburgh Steelers who fell prey to the Philadelphia Eagles' flashy backfield really owe their victory a vote of thanks.

If the Eagles were not knee deep in backfield stars, the Steelers never would have been able to latch on to draft rights to North Carolina's Charlie (Choo) Justice.

The Eagles announced they have given up their draft rights for the southern star to the Steelers in exchange for the rights to Robert Wilson, Wisconsin center and end, who will be their first draft choice for 1950. The Birds figure they can use more depth in the line than backfield.

However, it's a moot question

whether Justice will play for the Steelers. He's been quoted as saying he doesn't want to get into pro football, but prefers a coaching job instead.

The Steelers have solace, though, in the knowledge that if Justice does have a change of heart, they'll be the only National league team entitled to his services.

The Eagles also announced that Jim Martin, tackle on the undefeated Notre Dame powerhouse, has been selected their No. 3 draft choice. The No. 2 pick had been traded to the Detroit Lions for Mike Jarmolka, also a tackle, who has been in the lineup the last three weeks.

## Aliquippa Wins Mythical Title

BEAVER FALLS, Pa., Nov. 16.—(INS)—Joseph A. Reiser, chairman of the Alumni Athletic committee, announced today that Aliquippa high school has won the Geneva College Alumni cup, signifying the mythical Beaver county football championship.

Midland and Monaca high schools placed second and third. The "Quips" took the title by defeating Rochester, Ambridge, Ellwood City and Beaver Falls for a perfect record in county play, for a total of 470 points.

Cup presentation to Aliquippa is slated for the near future.

Jim Maurey, former schoolboy champion of Clearfield, Pa., is Penn State's captain-elect in wrestling.

## Financing Bonus Poses Problem

Retail Sales Tax In State  
May Be Program To Meet  
Bonus Debt

### ACTION TO COME IN '51 LEGISLATURE

By JOHN PAGET  
(U. S. Staff Correspondent)

HARRISBURG, Nov. 16.—Pennsylvania taxpayers may be asked to ante-up between 54 and 86 million dollars a year via a one per cent retail sales tax to retire the \$500,000,000 veteran bonus debt.

A confidential report by the Pennsylvania Economy league to legislative leaders today estimates the annual income from a one per cent retail levy minus food would collect \$54,000,000 a year while a similar tax allowing no exemptions would yield the higher figure.

The annual collections would be doubled in each case merely by doubling the tax rate, the league reported.

**Must Be Considered in 1951**

The General Assembly in 1951, whatever its political makeup, will give consideration to repaying the bonus debt. Gov. James H. Duff will not discuss a bonus tax, which Democrats claim is not needed, because he does not wish to usurp the prerogatives of the governor who will succeed him next year. Individual bonus payments will range up to \$500 based on \$15 a month for overseas duty and \$10 a month for domestic service.

The sales tax proposal was kicked around during the 1949 session but pigeonholed by agreement of the legislative leaders of Democrats and Republicans.

The Economy league's sales tax estimates is based on reports of the Bureau of Foreign and Domestic Commerce and Sales Management, Inc.

The league pointed out in its confidential report that "the estimation of retail sales tax yields for the state Pennsylvania is hampered by the absence of any current statewide data on retail sales."

**Latest Credible Basis**

It was explained that the latest credible basis for estimating the probable sales tax yield was 1947 reports which sales management used to peg the year's retail sales at \$7,825,805,000 or 6.655 per cent of the nation's total.

The league advised that when the agency's reports are compared

with the 1939 business census there is a tendency toward conservatism.

The sales tax controversy will boil up in 1951 with Democrats expected to follow the political line drawn by their Democratic State Chairman, Philip Mathews, who contends Republicans will use the bonus debt as an excuse to enact new taxes to meet other obligations. Republicans are not committed to enacting any tax at this time.

The sales tax is regarded now as having the likeliest chance of being enacted although a flat income tax would be permissible under the state's 66-year-old constitution.

A graduated income tax, however, is constitutionally prohibited; the State Supreme Court invalidated a scaled levy in 1935 after it had been drafted by the legislature.

A sales tax would not be new to Pennsylvania. In 1932, one was levied for just six months to pay the state's relief costs. It yielded approximately \$9,903,000 during the period or about \$3,000,000 under the expectations of the state budget office.

Only exemptions allowed were on products raised and sold by farmers.

## October Weather Good For Crops

First Killing Frost Did Not Occur  
Until October 27; Ample  
Rain

HARRISBURG — Temperatures in truck crop areas of Pennsylvania averaged considerably above normal during the latter part of October, the State Department of Agriculture reports from federal-state surveys.

The first extensive killing frost occurred the morning of October 27 and 28 in all except the extreme southeastern part of the state, ending growth and production of tender vegetables. Rainfall was ample for late crops.

Excellent quality late celery was moving to market in all areas by the first of November and will continue throughout the month. Very little of the crop is expected to be stored this year. Demand for late cabbage was slow during October and some growers placed small quantities in storage for late sale. The main harvest of carrots was to be under way by mid-November with the usual amounts going into storage.

Much fall spinach matured when demand was so poor that the cost of marketing could not be obtained by some growers.
